COMPANY: GALVANO MONDO KIMYA SAN. TIC. LTD. STI. (GALVANO)

Ikitelli OSB Galvanoteknik Sanayi Sitesi, Altın Sk., B Blok No:4, 34306 İstanbul/Turkey

**This product is compliant and can be placed on the EU market in compliance with Regulation
No 1907/2006**

of the European Parliament and of the Council of 18 December 2006

concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH), which came into force on 1 June 2007, adopted to improve the protection of human health and the environment from risks posed by chemicals.

**This Certificate is valid until 26 December 2025 unless
GALVANO**

changes product identification, formulation, suppliers of raw materials, and/or there are changes in supplier REACH compliance status, substance(s) reclassified under REACH regulation or are placed on the (SVHC) substances of very high concern list or any changes impacting REACH compliance including but not limited to registration deadlines, in which case re-certification is required.

This certificate is valid on condition that **GALVANO** supplies from raw material suppliers assessed by RGS for REACH Compliance and **GALVANO** should report Downstream User information, imported volumes, and identified uses for **ELECTROPLATING CHEMICALS** on a regular basis to the Registrant/Only Representative who owns the registration number and is in charge of keeping track of the volumes. Substances used in the Company's product/product group(s) formulations, on their own or in mixtures, are not subject to assess if present below 1 tonne threshold. In case such substances surpass this threshold, the present certification will lose its validity, and need to be renewed.
