PRODUCT: ELECTROPLATING CHEMICALS

COMPANY: GALVANO MONDO KIMYA SAN. TIC. LTD. STI. (GALVANO)

Ikitelli OSB Galvanoteknik Sanayi Sitesi, Altin Sk., B Blok No:4, 34306 Istanbul/Turkey

This product is compliant and can be placed on the EU market in compliance with Regulation No 1907/2006

of the European Parliament and of the Council of 18 December 2006

concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH), which came into force on 1 June 2007, adopted to improve the protection of human health and the environment from risks posed by chemicals.

This Certificate is valid until 10 February 2027 unless GALVANO

changes product identification, formulation, suppliers of raw materials, and/or there are changes in supplier REACH compliance status, substance(s) reclassified under REACH regulation or are placed on the (SVHC) substances of very high concern list or any changes impacting REACH compliance including but not limited to registration deadlines, in which case re-certification is required.

This certificate is valid on condition that GALVANO supplies from raw material suppliers assessed by RGS for REACH Compliance and GALVANO should report Downstream User information, imported volumes, and identified uses for ELECTROPLATING CHEMICALS on a regular basis to the Registrant/Only Representative who owns the registration number and is in charge of keeping track of the volumes. Substances used in the Company's product/product group(s) formulations, on their own or in mixtures, are not subject to assess if present below 1 tonne threshold. In case such substances surpass this threshold, the present certification will lose its validity, and need to be renewed.
